

# **Zebrafish Neural Circuits & Behavior (Cold Spring Harbor Laboratory, New York - Nov. 20-23, 2019)**

We are pleased to announce a new meeting on Zebrafish Neural Circuits & Behavior, which will be held at Cold Spring Harbor Laboratory, New York. The meeting will begin with dinner and an evening session on Wednesday November 20, and conclude with lunch on Saturday, November 23, 2019.

This meeting will provide a forum for presentation and discussion of the most innovative and exciting research currently ongoing in neuroscience using the zebrafish model. Sessions will range from genetic tools all the way to cognition, and the program will provide broad coverage of the field from molecular to systems neuroscience. Sessions and workshops focused on technological innovations will supplement the program, allowing for dissemination of cutting-edge methods that are revolutionizing the field.

The conference website is now live at <https://meetings.cshl.edu/meetings.aspx?meet=ZEBRA&year=19>

**Abstract Submission and Registration are now open!**

**Deadlines:**

**Abstract Submission August 30<sup>th</sup>, 2019**

**Registration October 5<sup>th</sup>, 2019**
