Tenure-Track Faculty Position in Neuroscience & Behavior

College of Arts & Sciences

The Psychology Department at the University of Nebraska at Omaha (UNO) invites applications for a tenure-track Assistant Professor position in the Neuroscience & Behavior program. We welcome applications from any area of neuroscience but are especially interested in individuals who can contribute to our graduate program and build collaborations with existing faculty. Successful candidates will have a PhD in neuroscience or psychology with postdoctoral training and an excellent publication record for their career stage. Candidates should also have a sustained record of research and demonstrated ability, or evidence of the potential, to generate extramural funding commensurate with their career stage. As a faculty member, the successful applicant will teach two classes per semester and receive a half-time research assignment. Applicants should have the ability and interest to teach graduate and undergraduate courses in their field of expertise and to mentor students in our Neuroscience & Behavior Master’s and PhD program. The preferred start date is August 16, 2021.

The Neuroscience and Behavior program consists of graduate faculty from multiple departments (Psychology, Biology, Gerontology, Biomechanics, and the University of Nebraska Medical Center). For more information about UNO’s Graduate program in Neuroscience & Behavior, please visit https://www.unomaha.edu/college-of-arts-and-sciences/psychology/academics/graduate-programs/neuroscience/index.php. UNO also has a strong undergraduate Neuroscience Program https://www.unomaha.edu/college-of-arts-and-sciences/neuroscience/academics/index.php

UNO, the Department of Psychology, and the Neuroscience and Behavior Program have a strong commitment to diversity in its varied forms and to fostering an inclusive and welcoming learning environment where students, faculty and staff thrive and succeed. With a metropolitan mission, UNO serves a diverse student body with many first-generation college students and is also actively engaged with the community in a myriad of ways. For additional information on our vibrant campus community, please see our recent ad in the Chronicle of Higher Education. We are particularly interested in receiving applications from members of under-represented groups and strongly encourage women and persons of color to apply for this position.

Please visit the UNO careers website at https://unomaha.peopleadmin.com to apply. Create your account, and search for the Tenure-track Assistant Professor in Neuroscience & Behavior posting. Your online application should include a cover letter and curriculum vitae. Statements of teaching experience and goals, experience and dedication toward diversity and inclusion, research interests and goals, teaching evaluations, and optional supplemental information such as copies of publications (up to 3) should be attached as a single file in the portfolio area of the application. Include names and contact information of three references. Your references will be requested by the system to submit letters of recommendation electronically. Review of applicants will begin on October 15, 2020 and will continue until the position is filled. Please address questions to Dr. Rosemary Strasser at rstrasser@unomaha.edu.

The University of Nebraska does not discriminate based on race, color, ethnicity, national origin, sex, pregnancy, sexual orientation, gender identity, religion, disability, age, genetic information, veteran status, marital status, and/or political affiliation in its programs, activities, or employment.
